Uniglide Trailer Coupling™

AUTOMATIC TRAILER COUPLER

Pajero fitted with Quik Lift WDH offset head

We at McHitch have developed the world's first all-terrain automatic trailer coupler!

- *The McHitch system has been extensively tested and proven under the harshest Australian conditions.
- *Capable of a huge range of movement (over 90° on every axis).
- *A super low height of 125mm that clears the rear doors of any 4WD.
- *Package deals on Auto Coupler/Quik Lift WDH see mchitch.com.au.

THE McHITCH W.D.H. PACK.

*Compatible with most existing WDH set-ups, includes our adaptor plate and roller bracket kit. Adaptor plate not required for Hayman Reese WDH round bent bars. Requires 1 - 1/4" attaching stud.
